FIELD SEEDS

For Spring and Summer Planting

We recommend that immediate attention be given to your requirements for field seeds for spring and summer planting. It is our definite belief that most items in the field seed line will continue to advance during the spring and summer months, as they have been advancing ever since last fall. Most items are definitely short in supply, and demand is materially heavier than the past few years, so we feel that we are justified in taking an optimistic view of the future of field seed markets. Early purchases in advance of actual needs should therefore be profitable.

We are listing hereunder a number of the most important items in the field seed line that will be in demand during the next few months. It is our suggestion that you check over your supplies of these varieties and be sure that you are covered for at least a portion of your requirements. The seeds listed below are available under Germain's "PREMIUM BRAND"—the standard of quality.

2 DOG WORM CAPSULES

...now combined in ONE

PULVEX Combination WORM CAPSULES

YOUR PROFITS . . . on your dog worm capsule business . . . will be greater than ever if you stock the new heavily advertised Pulvex Combination Worm Capsules on which you make a 30c-profit-per-sale.

Where formerly one type of capsule was required to rid a dog of a tapeworm and another to expel round and hook worms, the new Pulvex Combination Worm Capsules expel Tape and Round and Hook Worms in the same dosing without gassing, gagging, or sickening. Absolutely safe; they can only help, never harm.

Sell your customer these new Pulvex Combination Worm Capsules on which you make 30c profit—and you do your customers a favor. With these 2-in-1 capsules, they need not guess which kind of worms afflict their dogs. No chance of guessing wrong, of using the wrong type worm capsule, of not worming their dogs.

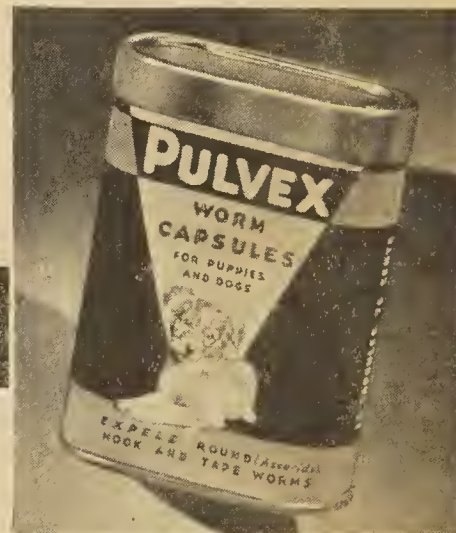

Your friendly attitude and cooperation—the Pulvex prestige—the national advertising campaign behind these capsules—the number of users of Pulvex Flea Powder who will also be willing to pay more for better worm capsules—

All these factors insure your selling a big percentage of your customers these new bigger-benefit, bigger-profit Pulvex Combination Worm Capsules. Stock them . . . recommend them . . . push them. Packed 12 in a box, 75c.
